

Operator's \hookrightarrow symbol's \hookrightarrow +, -, ... which perform on two (or) more operands (or) variable's

a + b
(10) (20)

operand operator operand

Operatos	Type of Operatos	Operation Type
++, --	Increments/Decrements Operators	Unary Operator
+, -, *, /, %	Arithmetic Operators	Binary Operator
<, <=, >, >=, ==, !=	Relational Operators	
&&, , !	Logical Operators	
&, , <<, >>, ~, ^	Bitwise Operators	
=, +=, -=, *=, /=, %=	Assignment Operators	
sizeof (), & *	Special Operaots	
?:	Ternary or Conditional Operator	Ternary Operator

- ① Binary operators \rightarrow 1. Arithmetic operators [+, -, *, /, %]
 ② unary operator's 2. Assignment operator's
 ③ Ternary operator 3. Relational operator's
 4. Bitwise operator's
 5. Logical operator's
 6. Special operator's
